

# Magnet latches and locks

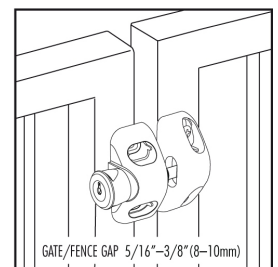

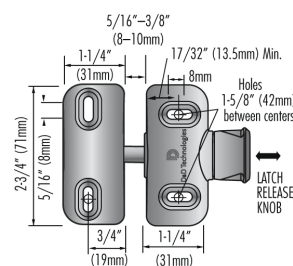

- Magnet gate latches with permanent magnets that never lose strength and are sealed from the elements to prevent corrosion
- Plastic polymer means products are long lasting
- Fully adjustable to account for any movement of the gate

## Magnet action catch

An ideal general purpose, magnetic latch for gates around homes and gardens. Suitable for a wide range of uses where the gate does not need to be key lockable but a latch is needed. These latches are reliable, effective and unobtrusive.

### Product code

Magnetic action catch - MAC

## Magnet action safety lock

This latch is opened by pulling the knob on the top of the lock. This is out of reach of small children. Its special design means that no latching force is required, ensuring that the gate latches shut reliably every time. The knob can be locked using the key.
