

# GATEMASTER

## Push-fit Security Collars

Specification Sheet  
**No.095**

- These push on security collars will prevent gates being lifted off.
- Once pushed on to the gate hook, protrusions inside the security collars grip the metal to prevent removal
- Stainless steel cap gives a professional finish to a gate

### Product Options

Supplied in 4 sizes:

Security collar for 12mm pin	<b>SCP12</b>
Security collar for 16mm pin	<b>SCP16</b>
Security collar for 19mm pin	<b>SCP19</b>
Security collar for 22mm pin	<b>SCP22</b>

### Installation

Simply push on to the gate hook, above the gate eye to prevent the gate being lifted.
